Re: SEDAR Project Number 1109081  
From: CNW Group Regulatory Filing

Please note that the Technical Report for Starfield Resources filed under SEDAR project number 1109081 on June 29, 2007 was in fact not intended to be compliant with National Instrument 43-101. The information contained within the Technical Report is considered to be for informational purposes only, which would normally require the document to be filed under the category of "Other".
